- When the button on the emergency response device is pressed, Vital Link will contact designated responders or 911 There is no cost for installation and the service cost is as low as \$27 per month

Affordable Care Act

The Affordable Care Act was signed into law on March 23, 2010. As the law's title suggests, it is meant to provide affordable healthcare to all Americans. Some parts of the law have progressively gone into effect since 2010 with the entire law becoming effective in 2014. While some individuals will be exempt from the mandate, a key part of the law which becomes effective in 2014, makes it mandatory for all Americans to obtain health insurance coverage. As such, open enrollment in the Health Insurance Marketplace begins in October 2013 with coverage starting in January 2014. The Health Insurance Marketplace will be available to non-incarcerated, U.S. citizens and other lawful citizens who reside in the U.S.

Individuals who already have health insurance coverage including Medicare beneficiaries do not need to do anything to continue receiving their existing coverage. In fact, Medicare beneficiaries have already begun experiencing some of the benefits associated with the Affordable Care Act:

- When a beneficiary reaches the donut hole, they will receive a 50% discount on covered brandname drugs and a 7% discount on generic drugs - These percentages will change each year until the donut hole is completely closed in 2020
- Beneficiaries can receive certain preventive services without being charged the Part B co-insurance or deductible
- Beneficiaries can receive free annual wellness exams
- New initiatives under the Act have led to a reduction in fraud, waste, and abuse thereby extending the life of the Medicare Trust Fund

Persons with disabilities and pre-existing conditions have also been experiencing some benefits associated with the Affordable Care Act. Such persons have been able to enroll in a Pre-Existing Condition Insurance Plan within their state. Such plans are in place until 2014 when insurance companies will not be allowed to deny coverage to individuals with pre-existing conditions. The new law also:

- Expands Medicaid
- Provides new options for Long-Term Supports & Services
- Improves Home & Community Based Services

Individuals are encouraged to receive more detailed information on the Affordable Care Act and the Health Insurance Marketplace from the state in which they reside as each state's implementation of the law will likely vary. Nevada residents will be able to shop for insurance and compare plans via the Silver State Health Insurance Exchange. Residents will be able to select insurance offerings by accessing the Exchange online or by contacting a call center where a representative will be able to assist them. Nevadans should visit exchange.nv.gov to receive comprehensive information on the Exchange and how it will impact them. To enroll in an insurance plan, Nevadans should visit nevadahealthlink.com or call 855-768-5465.

NOTE: Due to the implementation of the Affordable Care Act, some of the medical programs and services listed in this directory may not be relevant in the future.

Boulder City Hospital

Partial Hospitalization Program 901 Adams Blvd. – Boulder City, NV 89005

702-294-5757
